It is amazing how much things have changed since Labor Day weekend. There is definitely a lot less people around in the past few weeks. We are changing to a winter schedule the weekend after Apple Festival.

One of the officers will be out of commission for some time starting in November and I am already on the lookout for a part time officer to work in the meantime to help cover vacation, sick days and training days. I have already talked to a retired City Of Madison Officer who was recommended by Officer Syphard and is very interested in working part time. Hopefully by the next town board meeting we will have a request to hire on the agenda.

The Department of Justice provided a grant for an officer from the department to attend the Sexual Assault Response Team (SART) Summit in Madison. Representatives from both Ashland and Bayfield County attended from the DA's offices, New Day Shelter, social workers and Law Enforcement.

We are already preparing for responding to hunters in the woods and the like emergencies that come with it.

Treaty Day 2019 went off without a hitch as we had absolutely no calls relating to the gathering. I really wish the weather was better for them.

If there are any questions or want to discuss things within the department, please feel free to come talk to me.
