M.R.F. Supervisor's Monthly Report December 8th, 2019

The month of November slowed down some. The jobs done by the M.R.F. crew include:

Accepting incoming garbage

Sorting recyclables

Baling the recyclables

Crushing glass

Hauling the demo and garbage boxes to W/M

Working on the electronics

Working on the Haz-Mat

Smashing the demo and metal boxes

Servicing the equipment

Still getting ready for winter

Cleaning the shop

Answering numerous phone calls

Additional info:

1. Just a reminder, New Years Day falls on a Wednesday this year. Do you want me to close to avoid the Holiday pay? Being closed for almost a week might not be a good idea. We could post opening on Thurs. Jan. 2nd. Please let me know.

Respectfully Submitted,

Ted Pallas Supervisor M.R.F.
