2/1 lift assist.

Toned out to assist EMT's for patient losing consciousness. We transported across ice with the lake assault 1 windsled to bayfield ambulance and Ashland paramedics.

2/4 lift assist

Toned out to assist EMT's for patient on Big Arns Road. We assisted transporting from residence to waiting ambulance. Traffic control was a large issue on this call. Without the town adopting this road and improving it this call would have been virtually impossible.

2/8 lift assist

Toned out to assist EMT's for patient on north end of island . Assisted getting patient to waiting ambulance and cleared the scene.

2/25 ice Rescue

Toned out for possible snowmobile trough the ice. Lake assault 1 and the Husky wind sleds located person we were told to be in distress.

False alarms are especially welcoming with potential ice Rescue .

Be safe
