Emergency services building

After meeting with construction management and James price we are well aware that we won't be occupying our new hall until February. We are developing a game plan for the move.

We are planning a covid friendly honor guard funeral/memorial for our fallen firefighter Scott Stoltz. Im finalizing details with the Greenwood cemetery sextons as Scott's cremains will be laid to rest next to firefighter Josh Reynolds. This comes from a generous donation of a cemetery plot from Josh Reynolds mother Janet Voss. Will update everyone when I can nail down the actual date of this.

Ice rescue training begins 1/16 as the lake is slowly freezing over.

Be safe
