

# **TOWN ADMINISTRATOR REPORT**

To: Town Board From: Michael Kuchta

DATES COVERED IN REPORT: May 5-19, 2023

## 1. Accomplished/Completed

See below.

#### 2. Coming Up

- WTA county unit meeting. Monday May 22, 7 p.m., Pilsen.
- Chamber of Commerce annual meeting. Wednesday May 24, 4:30 p.m., The Pub.
- Gazette deadline. June 3.

# 3. Town Board Agenda - Information/Comments

- Ben Schram vacation hours. Ben has 33 unused hours; he is requesting an extension until May
- Big Bay Road sidewalk. The draft RFP seeks a contractor to install the sidewalk along Parcel 014-00415-000. Proposals would be due on June 12, and a contract submitted to you on June 27.
- Hagen Road design engineering contract. The contract between the Town, the State and Cooper Engineering is \$90,455.15; the Town's 20% share would be \$18,091.03, barring amendments or cost overruns. This is significantly below WisDOT's original estimate for the work (\$247,841.50), which anticipated additional right-of-way work that likely is not necessary.
- Airport. A renewal lease for Lot 8, through 2032, is available for approval.
- BBTP Feasibility Study. On May 9, you agreed to discuss whether you agree on a preferred option from the Cooper Engineering report.
- Dog Park
  - o Conditional use permit. Please confirm that you authorize the Zoning Administrator to file a conditional use application for a dog park on Town-owned parcel 014-00467-0200. The land where a dog park is proposed (beyond the outfield fence of the ballfield) is zoned "Town Park District." The Plan Commission classifies a dog park as a "recreational facility." Under the Zoning Ordinance, a recreational facility requires a conditional use permit in that zoning district.
  - o Conditional use fee waiver. Section 7.2.B of the Zoning Ordinance states: "Applications originated by the Town shall be exempt from the application fee." Please confirm that you are willing to waive the \$750 application fee for a dog park CUP.
  - o Lease. If you decide the Town will require a lease or memorandum of understanding with dog park operators, please authorize the Town Administrator or other Town staff to negotiate such an agreement, ultimately subject to Town Board approval.
- Zoning Board of Appeals. You postponed an appointment to allow for additional posting time. No new applicants have come forward.
- Winter Transportation Committee. Resolution 2015-0825, which reauthorized the committee, allows for "two (2) designated representatives of the Bayfield School District" and states further: "the representatives of the Madeline Island Ferry Line and the Bayfield School District may be nominated by the ferry line and the school district respectively, subject to final approval by the

Town Board." Via email on May 8, district administrator Bath Papp designated these two district representatives: Randi Johnson (the district's finance manager) and Joel Shilman (the district's building and grounds supervisor). Please approve these designated representatives.

- Resolution 2023-0523. This designates payroll coordinator Jamie Murray as the Town's agent for Employee Trust Fund matters (health insurance, life insurance, etc.), replacing Barb Nelson.
- Alternates for Board of Review. The resolution is self-explanatory: It appoints alternative
  members to review objections to property assessments if a Town Board member or the Town
  Clerk cannot hear a particular case because of recusal or a property owner's request.
- Special Event Permit for Inline Skate Marathon. The annual event, hosted by the Ashland Area Chamber of Commerce, is the morning of June 17. The event is based at the Rec Center. It uses a loop along Rice Street, Big Bay Road, Black Shanty, and Middle Road.
- RFP for septic waste removal. The current contract expires June 30; the timetable of this RFP would bring a new contract for approval at your June 27 meeting.
- Ordinance Chapter 192. Current ordinance language does not allow dogs to run at large. The proposed amendment makes an exception for off-leash areas.
- Barb Nelson vacation hours. Barb has 284 hours; she is seeking an until she retires, or June 30, 2024, whichever comes soonest. She will accrue an additional 224 hours on July 1. (She is scheduled to use approximately 72 hours before this June 30.) In all likelihood, unused hours will be paid out upon retirement.

## 4. Follow Up on Previous/Ongoing Projects

- Airport. Lauren Burtaux is creating cashless payment options through PayPal, so pilots who do
  not have cash can cover their tie-down or camping fees. PayPal would be accessed through a QR
  code on a revised payment envelope. Lauren is refining the information we collect so payments
  can be tracked accurately. A sample of what the payment envelope looks like is in your packet.
  - o Meanwhile, the lease on the terminal building hangar expires June 2. That will allow initial assessment of rehabilitation possibilities for the hangar space and pilots' lounge.
- Town Hall AV. Bluum Technology is scheduled to install the system on May 25. Electrical work for the AV system and heat pump is complete. We will pursue installing the heat and airconditioning mini-split once we select and sign an HVAC vendor.

## 5. Grant Report

No updates.

# 6. Lawsuits/Legal Issues

DOR Petition. Reply briefs from the Town's and County's attorneys were due May 19. The Department of Revenue has until the end of July to issue a determination.

#### 7. Other Information

- Industrial lot leases. We are evicting the lessee on lots 4 and 5 for nonpayment. He will be given 30 days to clear out the lots before the Town takes possession.
- MRF "Green Bucket" pilot project. The MRF received a donation of 50 buckets for home use in
  collecting food scraps for community composting. Marty, Ben and I intend to meet next week to
  discuss whether or not to move forward with the project, which was part of budget discussions
  last fall.

- D. The Lessee will be responsible for the removal and disposal of all garbage/waste products generated by Lessee.
- E. In the event of fire or any other casualty to structures owned by the Lessee, the Lessee shall either repair or replace the building or remove the damaged building and restore the leased area by the Lessee. The Lessor may grant an extension of time if it appears such extension is warranted.

- G. The Lessor reserves the right to further develop or improve the landing areas of the airport as it sees fit, regardless of the desires or view of the Lessee, and without interference or hindrance.

H. The Lessee will be held responsible for any damages or contamination of the leased site. The Lessee is responsible for hazardous substance disposal and contamination cleanup.

#### 10. DEFAULT.

- A. Failure on the part of the Lessee, with the exception of the death or disability of the Lessee, to pay the rent hereunder within thirty (30) days after the same shall become due shall authorize the Lessor, at its option and without legal proceeding, to declare this lease void, cancel the same, and re-enter and take possession of the premises. In this event, Lessee shall have thirty (30) days to remove the building and all appurtenances thereto belonging to the Lessee or the property shall be considered abandoned. - C. If Lessee shall violate any of the restrictions in this lease, or shall fail to keep any of its covenants after written notice to cease such violation and shall fail to correct such violation within thirty (30) days, the Lessor may, if it so elects, terminate the same and take possession of the premises, removing Lessee with such force as is reasonably necessary.

The removal of the building, equipment and attachments and restoration of the property shall occur within sixty (60) days, during which time the Lessee shall continue to pay rent.
  - B. To enter into a new lease agreement for an additional period of ten (10) years on substantially similar terms for rental of the property.
- 12. SUBORDINATION. This lease shall be subordinate to the provisions of any existing or future agreement between the Lessor and the United States or the State of Wisconsin relative to the operation or the maintenance of the airport, the execution of which has been or may be required as a condition precedent to the expenditure of federal or state funds for the development of the

airport. Furthermore, this lease may be amended to include provisions required by those agreements with the United States or the State of Wisconsin.

IN WITNESS WHEREOF, the parties hereunto have executed this agreement the day and year written below.

4. What are your reasons for seeking an appointment to the board(s)/committee(s) you have selected above?

I feel a deep sense of obligation to contribute to the town and community that has been a special part of our family for 65 years. I believe that balanced, representative solutions are required to help support the growth and long-term sustainability of the Island. To this end, the Town Plan Commission offers the citizens of La Pointe a structure to come together and collaboratively develop ideas and recommendations that serve the community.

5. Why would you be an asset to the board(s)/committee(s) you have selected above? (Use back if necessary)

In addition to being a long-term La Pointe resident, I am the founder and Managing Director of a management advisory firm. For over 20 years I have led strategic planning and transformation programs for a broad set of businesses and public agencies. Currently, I serve as an Executive Advisor to The Oregon Tourism Commission. In this role, I work directly with the agency leaders addressing the challenges and opportunities that popular vacation destinations face. Complex issues like sustainable tourism, affordable housing, destination management and resident prosperity are familiar topics that require practical and balanced solutions. I am eager and excited to contribute my experience and ideas as a cooperative and collaborative member of the Town Plan Commission. I would be honored to serve the community in this capacity, supporting the long-term vision for La Pointe and Madeline Island.
